A note about devices... Using cameras, cell phones, tablets, etc. during the music is both distracting and inconsiderate to your neighbors, as well as the musicians performing. Here at the Vanguard, we strive for a device-free experience. It's about the music and the experience, in the moment, at the club. We challenge you to remain hands-off your devices for the 75 odd (occasionally very odd) minutes of the set. PLEASE NOTE: the ticket price is for the admission only. It does NOT include a drink. A one (1) drink minimum is required per person. We accept Visa, Mastercard, Discover, and American Express.
